ABOUT US

Stella Pharmaceutical was built on a singular belief that health products should combine scientific precision with generational trust.

What began as a commitment to preserving heritage formulations evolved into a multi-brand platform dedicated to advancing natural and functional wellness across Canada and beyond.

We don’t simply distribute brands, we protect legacies, refine formulations, and elevate standards.

Dr. Chase Pediatrics continues a long-standing tradition of gentle, trusted care for children's health. Its formulations draw on decades of herbal medicine expertise, blending time-honored botanical remedies with modern quality standards to support respiratory comfort, soothing relief, and everyday wellness for young ones.

As part of the Stella portfolio, Dr. Chase Pediatrics reflects a commitment to safe, effective products families can rely on. Backed by over 165 years of heritage, the Dr. Chase name represents generations of care, supporting Canadian families through a wide range of health needs from early childhood and beyond.

- joint pain and arthritis relief
- muscle pain and sports recovery
- active aging support
- weather-related pain management

Available in:
Single glass bottle

nutribar since 1979

Since 1979, our family has applied pharmaceutical standards to nutrition, creating bars that go beyond taste to deliver complete, functional nourishment. As pharmacists, we recognized that true nutrition isn't just about protein and calories—the body requires over 24 essential vitamins and minerals to function optimally. This belief shaped our founding principle: applying the same rigor used in pharmaceutical compounding to nutrition bar formulation.

Nutribar delivers clean, balanced nutrition designed to support active lifestyles and everyday energy needs. Made with quality ingredients and thoughtful macronutrient balance, each bar reflects a commitment to performance, simplicity, and consistency. As part of the Stella Health family, Nutribar is backed by three generations of licensed pharmacists dedicated to creating reliable, effective nutrition.

NUTRIBAR COLLECTION

Complete Nutrition Bars

Medical support • Meal replacement • Sustained energy

The pharmaceutical difference: While other bars offer basic protein, our Complete Nutrition line provides everything your body needs for a complete meal—formulated by pharmacists, trusted by Canadian families since 1979.

Key Benefits:

- 14g high-quality protein + complete amino acid profile
- 24+ essential vitamins & minerals for optimal body function
- 5+ hour proven satiety with balanced macronutrients
- 240 calories of complete meal nutrition

Available in 5-bar packages:

Deep Brownie Delight - Favourite fudge brownie with crunchy chocolatey bits

Available in 5-bar & 12-bar packages:

Belgian Chocolate - Fudgy, crunchy, chewy with mellow chocolate flavour

Chocolate Fudge - Real cocoa with fudgy, chewy classic texture

Chocolate Peanut Butter - Comforting peanut flavour with chocolatey coating

Mocha Almond - Rich coffee and chocolate flavours in sweet harmony

STELLA

NUTRIBAR COLLECTION

High Protein Nutrition Bars

Workout recovery • Muscle building • Athletic performance

The performance difference: Engineered by pharmacists for optimal muscle recovery. Not just high protein—complete amino acid profile with 17-18g of pharmaceutical-grade protein for maximum recovery benefit.

Key Benefits:

- 17-18g complete amino profile for superior recovery
- CraveX protein blend with milk and soy proteins
- Recovery optimization backed by pharmaceutical science
- Indulgent taste without compromising performance

Available in 4-bar packages:

Chocolate Truffle - 18g protein, tastes like double chocolate brownies with mini chip bursts

Chocolate Temptation - 17g protein, rich chocolate milk taste that melts in your mouth

since 1979
